

Keeping Everyone Safe and Healthy

Potomac Dental Centre cares about you and your oral health. We are now offering elective procedures so we can preserve the health and the beauty of your smile.

The well-being of our team and patients is our top priority. We are confident in our protocols we have put together to protect everyone. When you come in for your next visit, you will notice some changes that we've made for safety purposes:

- Upon scheduling the appointment and upon confirmation calls, a team member will ask you some screening questions.
- When you arrive, please wait in your car and call to notify the office of your arrival. Our lobby is open but availability is limited to ensure social distancing.
- Upon entering the building, a team member will check your temperature, ask some screening questions, and give you your paperwork.
- Please wear a mask, if you do not have one, we will provide you with one. We also ask that you use hand sanitizer when you enter and exit the building.
- We ask that you leave companions at home or in the car during your appointment unless the patient is a minor or has special needs.

It has been our privilege to serve our community during this difficult time. We are proud to continue providing excellent safety and protocols in our office. If you or a loved one is in need of dental care please contact us.

1301 Potomac Avenue, Hagerstown, MD 21742
